SUMMARY

Hi, I am studying the field of frontend (React.js) developer. From a young age, I have been captivated by the power of technology and its ability to shape the world around us. This fascination led me to pursue a degree in Computer Science, where I gained a comprehensive understanding of web development principles and best practices. Throughout my academic journey, I have honed my skills in HTML, CSS, and JavaScript, and have successfully completed several projects that demonstrate my ability to create visually appealing and user-friendly websites.
